There will be a noon lunch before the sale prepared by the Rusty Spur Cafe of Kathryn, ND.

Ration: The bulls are on a TMR ration of ground hay, corn silage, corn, protein and mineral supplement. Ration formulated by Cattlecents Consulting, DeWayne Siebrasse, Aberdeen, SD.

Feeding Arrangements: The bulls will be kept free of charge, at the ranch, until April 1, 2010, at the buyer's risk. \$1.50/day after April 1, 2010.

Additional performance information: Adj 365, ADG, and scrotal measurements will be provided sale day. Ultrasound information available sale day.

Guarantee: Bulls will be guaranteed to your satisfaction and semen tested before delivery. If there is a problem, we will provide a replacement to use and credit at next year's sale.

Trucking: Bulls will be trucked back to the ranch for later delivery. Don't bring your trailer.

Health: Bulls are on a complete health program and have been vaccinated and poured for everything under the sun.

Sale Terms: Cash or check payable sale day unless credit arrangements are made with Robert Birkliid before the sale. If you haven't sold your calves or lined up your operating yet, give us a call.

Welcome Cattlemen

Cattlemen:

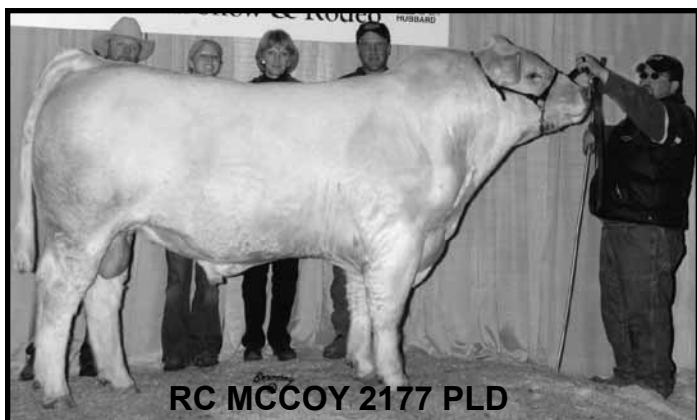

A short note about the sale line-up this year. A lot of things are changing in the agriculture business. I am convinced that the Charolais breed will keep you in business in the future. We have been carcass testing our bulls through ultrasound and actually feeding out our culls and collecting the data from the packing plant. All of the information has been positive. Combine this with the performance and feed efficiency of the Charolais bull and it's easy to see things clearly and what the future holds for your livestock operations. Bigger calves mean more money in your pocket. Better-grading cattle and more efficient cattle mean better profit for the feedlot. Better-grading cattle bring more money at the retail counter. We, as ranchers, have to capture as much of this profit for ourselves as possible to stay in business.

Hopefully the weather will moderate to some degree and ease up on feed usage. **Due to the unpredictable weather pattern we will have Monday, February 8 as a storm date.** So listen to KQLX Radio AM 890 or KSJB 600 for announcements. Everybody keep your fingers crossed that the weather straightens out.

If you can't make it and would like to purchase bulls, feel confident leaving a bid with any of the ring service or auctioneer as that's what they're here for. They are all very experienced cattlemen and you can trust their judgment completely. Your sight-unseen purchase would be guaranteed to your satisfaction at the time of delivery. Anyway, if you need a great Charolais bull come and take a look at what we're offering. We'll feed you a good lunch and the heat will be on in the building with the bulls inside for you to look at. We'll see you on February 7th.

Robert Birkelid

This bull keeps getting the job done year in and year out. The calves out-perform anything else and have proven to be of high carcass value as you will notice by looking at his EPD's. The birth weights run a little bigger but they are born unassisted due to the excellent length and smooth shoulders.

This bull's first calves have been nothing but impressive. They are showing the performance and gainability we are used to. They have extra depth and volume and will be easy keeping and easy to look at. He is sired by the famous M6 Gridmaker who has proven popular nationwide for calving ease, performance, maternal and carcass – all rolled into one bull! This son carries on that tradition in his offspring.
