Dan Piroutek; *Tri-State Livestock News*, 605-544-3316  
Mark Hove, Hub City Livestock, 605-290-4896

**Ration** The bulls are on a TMR ration of ground hay, corn silage, corn, protein and mineral supplement. Ration formulated by Cattlecents Consulting, DeWayne Siebrasse, Aberdeen, SD.

**Feeding Arrangement** The bulls may be kept, at the ranch, after April 1, 2018, at the buyer's risk for \$2.00/day.

**Additional Performance Information** Adj. 365, ADG, and scrotal measurements will be provided sale day. Ultrasound information available sale day.

**Guarantee** Bulls will be guaranteed to your satisfaction and semen tested before delivery. If there is a problem, we will provide a replacement to use and credit at next year's sale.

**Insurance** Insurance will be available at a reasonable rate for both life insurance and loss of use coverage from Martin-Trudeau Insurance on sale day.

**Trucking** A \$100 discount per bull will be given if you take your bull home on sale day. Bulls not taken home on sale day will be trucked back to the ranch for later delivery.

**Health** Bulls are on a complete health program and have been vaccinated and poured for everything under the sun.

**Sale Terms** Cash or check payable sale day unless credit arrangements are made with Robert Birkliid before the sale.

*Additional information, ultrasound & performance data can be found on the website.*

See page 28 for details on DVAuction.

*Please bring this catalog with you on sale day!*

Catalog produced by: The Cattle Business Weekly • 605-859-2022 • P.O. Box 700 • Philip, SD 57567

# Welcome,

Welcome once again to our annual production sale. This year's lineup is one of our most exciting ever! It has been an interesting year, to say the least, with challenges coming from all angles. Ranching is a way of life and for those of us in it, not negotiable. But it also requires a long view and plan. Changes made today often don't show results for a year or more. By keeping our eye on the long ball, we are able to offer bulls from some of the best trait leaders, including Fargo and Patriot. When you couple these bulls with our strong maternal lines that include 4 Diamond Dams of Distinction and 10 Sterling Dams of Distinction you get a truly outstanding progeny. We continually strive to increase our genetic qualities so that we may pass the increased growth, performance and profit on to you, our customers.

We are continuing to work with feed lots and buyers from a multi-state area to increase marketing for your calves. The genetic lines we offer are proven gain makers and the demand for feeder calves from our bulls continues to grow. This is an exciting new area for us and the response and growth has been great. Let us know when and where your calves are going to market so we can help you get top dollar for them.

As always, we look forward to the year ahead with all of its inherent challenges, triumphs and tragedies. Life on the ranch is tiring, frustrating and the best way to live your life, out on the range with the sunshine and rain. May your calving be easy, rain be plenty, grass be lush and life be contented during the coming year.

Sincerely,

*Robert Birkliid*

## TERMINAL SIRE INDEX (TSI)

The AICA Terminal Sire Index (TSI) is a formal method of combining Expected Progeny Differences (BWT, WWT, YWT, REA, HCW, MARB and FAT) – into one single value on which to base selection decisions. The TSI uses estimates of the genetic relationships between traits with an economic default value based on three year rolling USDA data.

The TSI represents a dollar index per terminal progeny produced for a bull in the AICA database, ranking them for profit potential. This dollar index is to be interpreted much like single trait EPD. For example, if Sire A's index is \$191.66 and Sire B's index is \$200.00, then we would expect Sire B's offspring to average \$8.34 more net return (\$200.00 minus \$191.66) than Sire A's offspring.

This sire is seeing more use nationwide as well as here. Very attractive, heavy muscled bulls and feminine, easy keeping heifers that stay in the keeper pen are his strong points. I am very happy to be part of the Patriot group of owners along with LT and Satterfield Charolais. Semen available.

**Watch & bid Online for Free at**

**DVAuction**  
Broadcasting Real-Time Auctions

**View the Auction Live!**  
**Bid Online... you're ringside**  
**right at your desk!**

Buying online is as easy as 1,2,3...

1. Create an account at [www.dvauction.com](http://www.dvauction.com) under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

**High speed internet** is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

**Proxy Bidding**-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

**Having troubles?** During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

**CHAPPELL  
FEEDLOT**

Located in the Panhandle of Nebraska, Chappell Feedlot is a family owned and operated custom cattle feeding business. Since 1992, our primary goals have been to provide exceptional customer service and assistance to retained ownership customers and investment feeders. We are proud of the relationships we have built over the years and would like to thank all of our customers for bringing their high quality cattle to us to manage.

Chappell Feedlot will express the genetic potential of their customer's cattle through sorting and grid marketing, maximizing the profit potential above the cash market.

- Certified Angus Beef licensed feedyard since 2004
- Certified IMI Global Feedyard for Source and Age verification programs, Non Hormone Treated Cattle
- Risk Management Programs
- Forward contract opportunities with major packers
- Forward grain bank buying opportunities
- Ultrasound sorting to maximize efficiency and profitability
- Feeder finance options and equity advances
- Personal service & attention
- Low stress cattle handling, utilizing flags and points of balance
