# Welcome,

Welcome to our annual Production Bull Sale. What an exciting time to be in the cattle business. With prices at record highs, nationwide inventory still low and feed prices down, it looks like it will be another great year for ranchers.

We are excited to be working with Hub City Livestock in Aberdeen again this year. They do an outstanding job. We will also be live broadcasting our sale in DVAuction again this year. If you can't make it to the sale, you can check in there or contact one of our ring men. They are all cattlemen and you can trust their judgment and honesty.

We are proud to bring you another outstanding group of bulls again this year. Our quality stands year after year. We have 2 of our herd sires on the Trait Leaders list again this year for WW and YW. One of the bulls is listed in both categories. This is in addition to the 3 that were on the list from last year, again for WW and YW. The solid breeding program in our herd translates to more production and profit in yours.

We are proud to say that our cows have been featured in the Charolais Sterling Dams of Distinction list every year since 2008. We have a total of 24 cows on the list. Strong maternal lines translate into strong bull lines. We are offering 4 open heifers this year also, so you can take advantage of our strong breeding program to include in your herd.

We are again offering R Lazy B breed commercial red cows in this year's sale. They are set to start calving in early April and will make a fine addition to any commercial herd.

See you at the sale,

*Robert Birkliid*

Long time senior herd sire. Is working well in all aspects of beef production, which is evident in his offspring and balanced EPDs. He calves easy with excellent vigor and grows well all the way through the fat cattle phase. His daughters milk well and they are all easy on the eye.

Second year for these and they are doing very well again. They calve very well and grow like weeds in the feedlot. They carry just a little more bone and are more moderate framed with deep ribbing.

Very attractive No Doubt son we picked from the RBM program and his first calves are made like he is. Lots of capacity, spring of rib and muscle. Extra vigor at the birth was noted as they seemed to pop right up and were nursing in minutes. Very important in this climate that we work in. 2 heifers are in the offering as well.

# *Selling 36 Commercial Red Angus X Cows*

Red cows are all coming 3 years olds and bred to our herd sires. Bull was turned in July 1st, and they bred up good. They all raised good calves last year and will have better ones next year. They are Red Angus and Red Simmental Cross. They are vaccinated with Scourboss 9 and Virashield 6 VL 5 HB.
