A noon lunch will be served before the sale.

Ration: The bulls are on a TMR ration of ground hay, corn silage, corn, protein and mineral supplement. Ration formulated by Cattlecents Consulting, DeWayne Siebrasse, Aberdeen, SD.

Feeding Arrangements: The bulls will be kept free of charge, at the ranch, until April 1, 2011, at the buyer's risk. \$1.50/day after April 1, 2011.

Additional performance information: Adj 365, ADG, and scrotal measurements will be provided sale day. Ultrasound information available sale day.

Guarantee: Bulls will be guaranteed to your satisfaction and semen tested before delivery. If there is a problem, we will provide a replacement to use and credit at next year's sale.

Trucking: Bulls will be trucked back to the ranch for later delivery. Don't bring your trailer.

Health: Bulls are on a complete health program and have been vaccinated and poured for everything under the sun.

Sale Terms: Cash or check payable sale day unless credit arrangements are made with Robert Birkliid before the sale. If you haven't sold your calves or lined up your operating yet, give us a call.

Welcome Cattlemen

Cattlemen:

Hello from us again. I hope this finds you well. Last year was quite a roller coaster that turned into one of the best years ever with both high markets in cattle and grain along with heavy calves and a lot of bushels of grain to sell. Lots of hay... lots of grass.

We have moved the sale location to get closer to the majority of the cow herds we were putting bulls in. I apologize if we ended up getting further away for some of our customers. You are all important to us and we will do whatever it takes to accommodate everyone. Let me know what your needs are and I will do my best to get the bulls to you.

We have very capable and honest ring service available and the bulls will be delivered in April, as always with your satisfaction guaranteed.

If you would like to come early and look, please call my cell phone...I am available anytime.

The bulls look as good as always and have done well since weaning in mid-October. Call any of the ringmen, auctioneers, or myself.

We look forward to seeing you at the sale on February 7th. In case of bad weather, please listen to KQLX Radio AM 890 or KSJB 600 for any announcements.

Robert Birklid

They are showing the performance and gainability we are used to. They have extra depth and volume and will be easy keeping and easy to look at. He is sired by the famous M6 Gridmaker who has proven popular nationwide for calving ease, performance, maternal and carcass – all rolled into one bull! This son carries on that tradition in his offspring.

This bull keeps getting the job done year in and year out. The calves out-perform anything else and have proven to be of high carcass value as you will notice by looking at his EPD's. The birth weights run a little bigger but they are born unassisted due to the excellent length and smooth shoulders.

Easy calving sire we purchased from Kevin Effertz. Calves are very attractive, correct and heavy muscled on a moderate frame. They are doing very well in the feedlot and should pass along the superior carcass and tenderness traits that Magnum's sire, Keys Tenacious 166 is well known for.

"Your cattle have tremendous performance and muscling for being large framed. The REA is 1.7"/sq inch/100# of carcass wt, which is .1 over industry standard, which in my opinion is just right to put on most British breeds to enhance rib eye and keep marbling intact. We don't get many large framed continental cattle that will convert that well. Your cattle have the total package. "
