**Additional performance information:** Adj 365, ADG, and scrotal measurements will be provided sale day. Ultrasound information available sale day.

**Guarantee:** Bulls will be guaranteed to your satisfaction and semen tested before delivery. If there is a problem, we will provide a replacement to use and credit at next year's sale.

**Trucking:** Bulls not taken home on sale day will be trucked back to the ranch for later delivery.

**Health:** Bulls are on a complete health program and have been vaccinated and poured for everything under the sun.

**Sale Terms:** Cash or check payable sale day unless credit arrangements are made with Robert Birkliid before the sale. If you haven't sold your calves or lined up your operating yet, give us a call.

# *Welcome Cattlemen*

## *Cattlemen:*

Welcome to our annual production sale. Exciting times to be in the cattle business is putting it mildly. Lots of trials and struggles during last year's calving and summer grazing seasons have been replaced by big smiles and a sense of satisfaction with the marketing of the highest cattle market any of us have seen to this date.

Investing in new genetics for the years to come will enhance the rewards received from future sales. Using Charolais genetics from the proven blood lines that we are offering is the easiest way to build on the strong future in the cattle world. We are offering bulls with built in carcass merit that is backed up by years of actual feed lot data that shows impressive feed conversion that is the most economically important trait to being profitable.

The quality and performance of the bulls does not waiver from year to year. We have reduced the amount of creepfeed we buy every year to the point of hardly any and the cattle still seem to grow. That says something about the maternal ability of our cows as well as the growth potential of the calves — so get in and help yourself out!

Something new this year is if you can take your bull home sale day we will give you a \$50 rebate per bull to haul them home in your trailer. If you don't have a place to keep them we will take them back to the ranch at the buyer's risk for later delivery.

We will have some pictures available in January so feel free to give us a call or e-mail us and we will send them to you. Or stop out and look at them in their natural surroundings — we will be glad to show them off.

See you at the sale.

*Robert Birklid*

This bull keeps getting the job done year in and year out. The calves out-perform anything else and have proven to be of high carcass value as you will notice by looking at his EPD's. The birth weights run a little bigger but they are born unassisted due to the excellent length and smooth shoulders.

This bull's first calves have been nothing but impressive. They are showing the performance and gainability we are used to. They have extra depth and volume and will be easy keeping and easy to look at. He is sired by the famous M6 Gridmaker who has proven popular nationwide for calving ease, performance, maternal and carcass – all rolled into one bull! This son carries on that tradition in his offspring.
